

MIDLAND LOAN SERVICES, INC.

Midland Loan Services, Inc. is a provider of service and technology solutions for the commercial real estate finance industry headquartered in Overland Park, Kansas.

AVANT ACOUSTICS provided the following services:

- Room acoustics consultation
- Audio-visual systems design
- On-site system commissioning including operator training and assistance during the first use

Project Highlights:

The executive conference room pictured above features presentation, audio, and videoconferencing capabilities including the use of video, computer, and electronic whiteboard material. A dedicated videoconference room was also included in the facility allowing employees to easily communicate with remote offices. A large conference room allows for presentations and large-scale audio and video conferencing. Additionally, three identical computer training rooms were designed and commissioned by AVANT ACOUSTICS.
